Hello,

Attached are some instructions and detailed information for R10 laboratory specific documentation and delivery. I am sure this is similar to R5 but also know that the regions can vary significantly. Let me know if you have any questions on Monday. Your supplies did arrive here at my office today.

Thanks,

Jennifer

Hi Kendall,

Yes the address is correct. There is a parking garage under the building. I will be here until about 5pm on Monday, so see you then! Give me a call when you arrive and I will come down to the lobby.

I also will be sending out some R10-specific documentation information later today for the project.

Thank you!

Jennifer

Hi Kendall-

Just checking in regarding next week's inspection. We are all set to have the lab supplies arrive here in the Seattle office tomorrow. If you can come into the office on Monday to meet with Jennifer Crawford, she can go over some of our regional-specific procedures and requirements. I am out of the office tomorrow, but will return Monday.

I'm not sure what time you arrive on Monday, so maybe Tuesday is better for you? Please feel free to coordinate directly with Jennifer in my absence tomorrow.

Take care,
